

Dear Friends of Alitex

As the situation with COVID-19 continues to develop we have taken the necessary steps to ensure that as many of our team can work with you on your greenhouse project in a safe manner.

This national lockdown and the government guidelines regarding COVID -19 allow for manufacturing and installation of our greenhouses to continue. If your project requires specialist design input, we are able to carry out physical visits safely with new procedures in place. However, we understand that you might not wish us to visit you at this moment therefore, we can offer virtual consultations.

Please feel free to contact us 01730 826900 or email enquiries@alitex.co.uk if you can't reach us by phone and we will endeavour to call you back as soon as possible.

I would like to reassure you again, that as a well-established family business we are in a strong position to weather the storm in these unprecedented times and continue to help you realise your vision.

Many thanks,
Tom Hall, Owner & Managing Director
